In recognition of the Royal Canadian Legion's 100th anniversary, the Royal Canadian Legion Branch 296 of Harriston, would like to present a delegation to council requesting a crosswalk at the corners of Elora and Mill Streets. The crosswalk would honour and recognize our past present and future veterans.

The Harriston Legion is very proud of our community participation in Remembrance Day and other activities recognizing our Veterans. This is especially true of our elementary students, whether it is in the form of entering a picture or story in the Legion sponsored contest or their participation in the Remembrance Day celebrations. A crosswalk so close to the cenotaph would keep this memory alive. It would also provide children and adults alike the opportunity to remember the sacrifices our brave veterans have made in order for Canada to remain the strong and free country it is today.

Attached is a crosswalk design chosen by Branch 296. The cost of the crosswalk would be approximately \$6,000.00 - \$7,000.00. The Legion is planning to use part of its' share of the Catch the Ace proceeds to partially fund the project. We are requesting the Council of the Town of Minto contribute \$3,000.00 to assist in the cost of the crosswalk.

We thank you for your consideration in this matter.

Regards

Anne South

President

Royal Canadian Legion

Branch 296

Mayor Nancy Peckford, North Grenville
