Budget to Actual Issues

We are currently without a certified babysitting course instructor, which resulted in one less program offering in 2017. A large portion of the Other Program Costs overage was the purchase of Smart Serve training workbooks. Other Program Revenue increases were due in part to pickleball; the popularity of this program has risen dramatically over the past two summers.

Issues for 2017 and Beyond

Recreation programs offered to the community can often fluctuate in interest and attendance. Town staff is always interested in working with members of the community to introduce or maintain programs. Grassroots programs for children have run well without competing with existing user group programming. Free shinny and skating opportunities have been made possible thanks to the overwhelming support of local groups and businesses through financial sponsorship.
